

Superwoman (Where Were You When I Needed You)

Stevie Wonder

Mary wants to be a superwoman
But is that really in her head
But I just want to live eachday
To love her for what she is Mary wants to be another movie star
But is that really in her mind
And all the things she wants to be
She needs to leave behind But, very well, I believe I know you very well
Wish that you knew me too very well
And I think, I can deal with everything
Going through your head Very well, and I think I can face very well
Wish that you knew me too very well
And I think I can cope with everything
Going through your head Mary wants to be a superwoman
And try to boss the bull around
But does she really think
That she will get by with a dream My woman want to be a superwoman
And I just had to say goodbye
Because I can't spend all my hours start to cry But, very well, I believe I know you very well
Wish that you knew me too very well
And I think I can deal with everything
Going through your head Very well, think that I know you too very well
Wish you knew me like I know you very well
But I think I can deal with everything
Going through your head
Your filthy head Very well, dum dum da, dum dum da
Very well, wish you knew me too
Very well
And I wish I could think of everything
Going through your head Very well, dum dum da, dum da, dum da
Dum dum da, dum da, very well
And I think I can deal with everything
Going through your head When the summer came
You were not around
Now the summer's gone and love cannot be found
Where were you when I needed you last winter, my love? When the winter came you went further south
Parting from love's nest
Leaving me in doubt
Where are you when I need you, like right now? Our love is at an end
But you say now you have changed

But tomorrow will reflect love's past When the winter came
You were not around
Through the bitter winds love could not be found
Where were you when I needed you last winter, my love? Oh I need you baby, I need you baby
Our love is at an end
But you say now you have changed
But tomorrow will reflect love's past, oh Spring will fill the air
And you will come around
Well is it summer love that will let me down
Where were you when I needed you, last winter, my love? La la la la la, la la la la la
La la la la la, la la la la la Where are you when I need you, like right now
Right now, right now, right now? Ba ba ba ba, ba ba ba ba
La la la la la, la la la la la Where were you when I needed you last winter, my dear
I need you baby, I need you baby, I need you baby
I need you baby, I need you baby, I need you baby
Oh, where were you when I needed you last winter, last winter? Yeah, need you baby, need you, need you baby
Oh you want me too need you baby
Oh where were you when I needed you last, dear yeah
