## **Black Coffee**

Black coffee, no sugar, no cream
That's the kind of girl I need down with my team
Black coffee, no sugar, no cream
That's the kind of girl I need down with my team
Black coffee, no sugar, no cream
That's the kind of girl I need down with my team
Black coffee, no sugar, no cream
It's just the way I like it

I need a girl who ain't scared to scrap Someone who got my back Gotta be a dark skin a light skin Like the type of girl that stays busy all day But when the sun goes down She's my sexy souffle Somebody real who ain't afraid to work it If you try to disrespect her face Around and get her feelings hurt She ain't ? from your ? ? ? ? She'll only flex with a brother that can handle it, a And I don't care if she's a little bit jealous She can still be a lady while she's coolin' with the fellas An intellectual, beautiful, sexual Hands on her hip and when she flips she's incredible Candlelight ? from her mack But she's a trooper if she has to spill the beans from the can A very nice girl but not mistaken for no softy And that's the way I like it, yeah, my black coffee

Black coffee, no sugar, no cream
That's the kind of girl I need down with my team
Black coffee, no sugar, no cream
That's the kind of girl I need down with my team
Black coffee, no sugar, no cream
That's the kind of girl I need down with my team
Black coffee, no sugar, no cream
It's just the way I like it

Black coffee got the flip like a mitten

Roars like a lion and when I stroke her kitten

Versatile when the coke gets mine

She got a positive style ain't had none in a while
Party animal but Biggie only when she with me

And I don't have to worry 'cause she won't disrespect me
She's everything that a man dreams about

And when I'm with my crew she's all I talk about, hey
Fancy here, jewels all flushed

Backside bigger than a mob but don't touch her
Prettiest girl she know the ones with the slip
A closet full of gear so you know she stay ??

Body so smooth from using plenty lotion
Perfume smelling like some old sex potion

A very nice girl but not mistaken for no softy And that's the way I want it, yeah, my black coffee

Black coffee, no sugar, no cream
That's the kind of girl I need down with my team
Black coffee, no sugar, no cream
That's the kind of girl I need down with my team
Black coffee, no sugar, no cream
That's the kind of girl I need down with my team
Black coffee, no sugar, no cream
It's just the way I like it

Break it down
Black coffee, no sugar, no cream

Black coffee, the African queen
Part of? Afro-American dream
Enough respect
I'm diggin' intellect
Appreciate the fact that you never miss a step
The backbone of the black bone here's to ya
As long as I'm around believe me none could ever do ya
You warm, considerate, and far from a softie
And that's why I love ya, you're my black coffee

Black coffee, no sugar, no cream
That's the kind of girl I need down with my team
Black coffee, no sugar, no cream

Hey, that's the kind of girl I need down with my team
Black coffee, no sugar, no cream
Uh, that's the kind of girl I need down with my team
Black coffee, no sugar, no cream
It's just the way I like it

Black coffee, no sugar, no cream
Uh, that's the kind of girl I need down with my team
Black coffee, no sugar, no cream
Hey, that's the kind of girl I need down with my team
Black coffee, no sugar, no cream
Hey, that's the kind of girl I need down with my team
Black coffee, no sugar, no cream
It's just the way I like it

Black coffee, no sugar, no cream It's just the way I like it

Black coffee, no sugar, no cream It's just the way I like it

Black coffee, no sugar, no cream It's just the way I like it
