Ember

Zao

My sight finally returns
Only to see my hands covered
With the innocent bloodOf those I stand before as an example
And I hold this ember in my heart
It reminds me of who I once was
It's the only warmth that I knowEmber of your faithfulness
Ember of your still small voice
Ember of embracing arms
Ember of rebirthTo you my king, to you my king
I offer up this ember
For the wind of your spirit to consumeConsumed by fire
(Consumed)
Consumed by fire
(Consumed)
Consumed by fire
(Consumed)
To purge their blood from my hands
