[Lucie Silvas](#)

Heavens knows it's Time for us to wake up with the Sun
Like a Child you kiss my eyes the tears are come and gone
and I know i feel mystist is cliving and all the clouds will drift away
and there is no cheel in the air tonight when we know love is here to stay And I will dance in like a dance of a
Seven Veils

Every move closer to the moment we loose ourself's If the Moon will shine for us the Stars will light the way
and your touch is like a flame to me burning higher every day
And there's no smoke without a fouing there is no sleep without a dreem
There is no me without you anymore couse Heavens were we beeing And I will dance in like a dance of a Seven
Veils

Every move closer to the moment we loose ourself's
So we here toghter save and wound and like a flower opend find the Door
I give myself to you and a rytem we fall in toyehhhh
