[Ev] [Verse 1] Its The Joy And, The Pain, Rain And The Sun Naming No Names Came In The Same Never Aim
At My Gun, U Get One Shot, Never Wave At My Chance, Maybe Wave At My Chain, My B-Boy Stands Is
Althenic, Most Depth, Universal, Magnetic, Fat Beats Off Tha Mind, I Said It,
From The Basement Floor [?] Knocking On Heavens Door, From Across The Room, To When Im Out On Tour,
It Reminds Me Of A Time When My Life Was Pure, It Finds Me Off, At! The Oddest Moments, Try To Focus
But End Up Zonein (Zonein) I Go Back, But The Captions Closing (Closing) So Cold But The Clock Aint
Frozen (Frozen) [3x]

[Chorus] Lets Get It Together, No Matter The Weather

(Got It) [3x] (Come On) (Its Like) [2x] (Something) [2x] (Like That) [2x] (You Know) [2x] (You Know I Feel

[Ev] [Verse 2] It Was Something, Demember Babies As Christmas Came We Had Our Birthdays, Lumped In
Layoway, One Present, Two Holidays, Seen It From A Mile Away, You Cant Lie To Your Kids, I Guess That
Makes Up For No Bros and Sister Nothing Ever Missing In The Kitchen (Nope) Nothing Ever Really Went
Wrong (Wrong), Until The One That Raise Me, Was The One Thats Gone, It's Funny How Strength Comes In
Different Forms, Some Embrace They Faith, Others Weather Storm, Others Tell They Self That The Pain
Moves On, Saw The Clouds Move In And When It Did They Poured, I Push Away The Pain, Its The Sun And
The Rain, Rain Or Shine I Got My UmBrella I Said Theres None Better, Imma See You Again, It Worth To
Listen, A Womens, Is Worth Is Everything!
