

If I Was A Man

The Pussycat Dolls

If I was a man
Just for a day
I'd take my time on you
That's what a man would do

If I was a man
Just for a day
And once I had my way
I'd get up, get up and walk away

Monday night
Tuesday night
Friday night
Every night
Why?
Cause I can

New York and Japan
Make a stop off in Milan
After all,
I'm a man

[Chorus]
I'll Get to know your family
Your friends will fall in love with me
Just happens all so easily
Easily
I'll have you think that I'm the one
You play the part I play along
We can have a lot of fun
Until I'm done

If I was a man
For a day if I was a man
If I was a man
For a day if I was a man

I turn it on
Turn it off
Turn out

Turn it up
Why?
Cause I can

It's no sweat
Give the check
Show respect
Don't forget you're paying later
That's the plan

[Chorus]

If I was a man
For a day if I was a man
If I was a man
For a day if I was a man

If I was a man
Just for a day
I'd take my time on you
That's what a man would do

If I was a man
Just for a day
And once I had my way
I'd get up, get up and walk away

[Repeat: x4]
If I was a man
For a day if I was a man

[Repeat: x2]
I'd take my time on you
That's what a man would do
And once I had my way
I'd get up, get up and walk away
