

# Waking up Again

Emily Hearn

It's been so cold for so long now  
I don't remember what the sun feels like  
We're getting old inside this house  
I don't remember what the breeze feels like We've got to go  
We got to get back  
Gotta get our feet back on the ground  
We've got to go  
We got to get back  
We got to get the spring back in our step again Oh ooh oh ooh oh  
It's like waking up again  
So don't let go Open up your eyes again  
When you're gone you're so far gone  
You don't remember what you want in life I'll take your hand  
I'll give you faith  
I'll never let you go  
I'm on your side But we've gotta go  
We got to get back  
Gotta get our feet back on the ground  
We've got to go  
We've got to get back  
We got to get the spring back in our step again And it's like  
Oh ooh oh ooh oh  
It's like waking up again  
So don't let go Open up your eyes again And it's like  
Oh ooh oh ooh oh  
It's like waking up again  
So don't let go Open up your eyes again  
It's like waking up again It's like waking up again
