Runaway

Pat McGee Band

Gone away and hide your eyes
Stay for me with no disguise
We should fall, still we can rise
Lay it down, your heart, tonightTry imagine your soul set free
Let it go and run to me
You've got my heart, now take my life
Lay it down, my loveRunaway, runaway, runaway with me
Runaway darlin', won't you stay with me
Runaway, runaway, runaway with me
Now, I will back you upYou can hear the time slippin' away
You'll cry the tears for today
She screams come inside, but you can't stay
Lay it down, my loveRunaway, runaway, runaway with me
Runaway darlin', won't you stay with me
Now, I will back you up
Hey, I will back you up
Hey, I will back you upEveryone's around us now
Still we only hear one sound
It's so intense you just can't breathe
Lay it down, my loveRunaway, runaway, runaway with me
Runaway darlin', won't you stay with me
Runaway, runaway, runaway with me
Now, I will back you up
I will back you, I will back you up
