Violent Hands

The Dirty Nil

So now I know why you're not home
His name don't matter 'cause I know
Where he sleeps and when he's home
That's all right for now and all is wellDon't ask me why, But I don't like this guy
So I call him out on your lawn just to talkUnderstand my violent hands gon' try
To stay off of you guy,
Nevermind, you're dying
Face downAnd on the ground
No cause for sentiment
Pause or though
Understand my violent hands gon' try
To stay off of you guy,
Nevermind, you're dying
Ain't no lie
