Simple Life

Carolyn Dawn Johnson

I have wandered this world far and wide
I've been all around to the other side
But there's nothin' like comin' home
Nothin' like comin' homeI wanna sit on my front porch
And drink my lemonade
Cut my grass after church every Sunday
And go out on Saturday night
Live the simple lifeWake up in the morning to these fields of gold
And take a long walk down a gravel roadSpend my days in the sweet sunshine
Rock in my swing and watch my garden grow
Know that I'll always have someone to hold
Oh, I wanna live the simple life, yeahI wanna take a blanket down to the creek
And let the water sing me to sleep
Let go of time
Live the simple life, oh yeahLately I've seen too many city lights
I wanna go somewhere where
I can see the stars at nightSpend my days in the sweet sunshine
Rock in my swing and watch my garden grow
Know that I'll always have someone to hold
Oh, I wanna live the simple life, yeah, yeahYeah, yeah, yeah
Spend my days in the sweet sunshine
Rock in my swing and watch my babies grow
Know that I'll always have some, someone to holdI wanna spend my days in the sweet sunshine
Rock in my swing and watch my garden grow
Know that I'll always have someone to hold
Oh, I wanna live the simple life, yeah
Oh, I wanna live the simple life, yes I doI wanna spend my days in the sweet sunshine
Oh, I wanna live the simple life, yeah
That's right
