Pushover

Deep Insight

What you want with me this time
You tailing me all night
I know you want to see me patrolled
You hi jacking my joy ride
I'm living a good life
Why can't you leave me alone
You don't know me, no you don't know me, no
I'm not a pushover
I'm not a pushover
You don't know me, no you don't know me, no
I'm not a pushover
I'm not a push
You don't know me, no you don't know me, no
I'm not a pushover
I'm not a pushover
You can't fill these shoes
You can't make me move
I'm not a pushover
I'm not a pushover
You thought you catch you a wild one
Thinking I got some
Someone's getting fired tonight
You profile to arrest me
Or you're looking to test me
Sorry but you're out of time
You don't know me, no you don't know me, no
I'm not a pushover
I'm not a pushover
You don't know me, no you don't know me, no

I'm not a pushover
I'm not a push
You don't know me, no you don't know me, no
I'm not a pushover
I'm not a pushover
You can't fill these shoes
You can't make me move
I'm not a pushover
I'm not a pushover

I
Won't
Play
Your
Games
Just let me be!
You don't know me, no you don't know me, no
I'm not a pushover
I'm not a pushover
You don't know me, no you don't know me, no
I'm not a pushover
I'm not a push
You don't know me, no you don't know me, no
I'm not a pushover
I'm not a pushover
You can't fill these shoes
You can't make me move
I'm not a pushover
I'm not a pushover
I'm not a pushover
