Emotions

Katy B

[Verse 1:]
Standing outside your door
I had to come here
It's never been like this before
You give me something
I'm addicted to the way
You got me lifted
All my senses pushed so high
My heart beats loud and strong
Thumping in my chest
Every second is a lifetime long
As I hear your footsteps
There's no stopping this
I'm craving what you give
Your love that takes me to the sky[Chorus:]
So come on fill me, with emotion
Come on fill me, with emotion
Come on, kiss me
And I'm floatin
I wanna feel this, feel this emotion with you
I wanna feel this, feel this emotion with you[Verse 2:]
Warm when I see your face
You pull me closer
I say your love won't ever go to waste
As I rest on your shoulder
I can't comprehend
The way you pull me in the way
You never leave my mind
Have you really any idea
Of how you could hurt me
For you I make my soul clear
So don't desert me
Grab me up in your love
When these times get tough
And say you'll never leave my sight[Chorus][Verse 3:]
Give me the feeling that I need
Let it wash over me
From my head down to my toes
You make me feel like I'm afloat

If I got you then I'm okay
I won't hurt you, I won't stray
So let me in and close the door
Nothing really matters anymore[Chorus]
