I'd Rather Be Alone

Jesse Powell

Since she were away
Since we said goodbye
I've been missing her so much
Now I just can mind
Imaging been in love
With somebody else oh no1- Did you love me
In a special way I
Cannot explain
I gotta find my way back to her
Gently, she always kissed me
I miss her touch so much2- I really need her
I'd rather be by myself
That without her
I'd rather be all alone
I really need her
I'd rather be by myself
That without her
I'd rather be all aloneSince she were away
Sunshine never seems
To shine upon me oh no
Nothin can replace
Her love cause he brings
How thought best in me
I can't let goRepeat 1Repeat 2Repeat 2Repeat 1Repeat 2 until end
