

Color My World

Backstreet Boys

Ohh, noEverybody needs affection
Looking for a deep connection
So put a little bit of love in my life todayEverybody needs some shelter
Spend a little time together
Come into my arms
Let them tell you what I want to sayColor my world, draw on my heart
Take a picture of what you think
Love looks like in your imagination
Write on my soul, everything you know
Use every word you've ever heard to color my worldI've had enough of not believing
Living life without a meaning
I want something real and I feel it when I'm next to you
Let's put out some love and devotion
Window to my hearts emotion, till the very end
It's the place I'm gonna keep you in, yeah, yeah, yeah, yeahColor my world, draw on my heart
Take a picture of what you think
Love looks like in your imagination
Write on my soul, everything you know
Use every word you've ever heard to color my worldColor my world, yeah
Let's make a world for you and me
That we're never gonna leave, yeah
Color my world
Why won't you color my worldDraw on my heart, yeah
Take a picture of what you think
Love looks like in your imagination
Write on my soul
(Write on my soul)
Everything you know
Use every word you've ever heard to color my worldOoh, ooh, ooh, ooh, ooh
Won't you do it
Won't you color my world
Ooh, ooh, ooh, ooh, ooh
Use every word you've ever heard to color my world
Everybody needs affection
Looking for a deep connection, oh, color my world
