

Won't Let You Down

Norway

Won't let you down
This time around
Won't let you down
Won't let you down

I made a wish upon a four leaf clover
The symbols in her head said come on over
Yeah cause in my mind I'm going out a
We had love there ain't no doubt a

[Chorus]

I want to get down with you once again
You can look into my eyes
I'm leaving it up to you tell me when
Couldn't lose me if ya tried
I want to get down with you once again
So I can love you love you love you love

Won't let you down this time around
Won't let you down
Won't let you down

If you see ? don't be afraid to kiss her
Now she's not there who cares we'll never miss her
We'll wind you to my point of view
I'll be the man to tame your shrew

[Chorus]

Oh you take ?
Breaking in his good vibration
We'll Take good care of your frustration

Come on, come on, come on, come on, come on, come on, yeah
Come on, come on, come on

I want to get down with you once again
You can look into my eyes
I leaving it up to you tell me when
And we can Lucy in the sky

I want to get down with you and a friend
So I can love you love you love you 2

Won't let you I'll bet you
Won't let you down
This time around
Won't let you down
Won't let you I'll bet you
Won't let you down
