Overkill

Ill Bill

Only way to feel the noise is when it's good and loud
So good I can't believe it's screaming with the crowd
Don't sweat it, get it back to you
Don't sweat it, get it back to you
Overkill, Overkill, Overkill, shut up
On your feet you feel the beat, straight to your spine
[Incomprehensible] it must be balck a kiss won't make you blind
Don't sweat it, get it back to you
Don't sweat it, get it back to you

Overkill, Overkill, Overkill, shut up
Know your body's made to move, you feel it in your guts
Rock 'n' roll ain't [Incomprehensible] if it don't make you strut
Don't sweat it, get it back to you
Don't sweat it, get it back to you, look out
Overkill, Overkill, Overkill, [Incomprehensible]
