

# Overkill

## Ill Bill

Only way to feel the noise is when it's good and loud

So good I can't believe it's screaming with the crowd

Don't sweat it, get it back to you

Don't sweat it, get it back to you

Overkill, Overkill, Overkill, shut up

On your feet you feel the beat, straight to your spine

[Incomprehensible] it must be balck a kiss won't make you blind

Don't sweat it, get it back to you

Don't sweat it, get it back to you

Overkill, Overkill, Overkill, shut up

Know your body's made to move, you feel it in your guts

Rock 'n' roll ain't [Incomprehensible] if it don't make you strut

Don't sweat it, get it back to you

Don't sweat it, get it back to you, look out

Overkill, Overkill, Overkill, [Incomprehensible]
