

Alone

All Saints

Not gonna, don't wanna, never gonna, don't wanna
Wanna end up alone
Not gonna, never gonna, don't, don't wanna
Wanna end up alone
I need to sit back and kick out
It's about the way I'm making you feel
Your trying to show me that your happy
Really happy, but I can see that your feelings aren't for real
The unhappiness are maybe causing you is definitely unintentional
So don't hesitate don't be afraid
Tell me 'cuz my actions are not personal
But I'll tell you something right now
Not gonna, don't wanna, never gonna, don't wanna
Wanna end up alone
Not gonna, never gonna, don't, don't wanna
Wanna end up alone
I needed to be honest a really honest
And tell me what's on your mind
Whatever the problem may be a tell me
Oh 'cuz the body never lies
Am I too hard too soft or am I really just selfish to the bone
So don't hesitate I am a psychic babe
Let your feelings all be known
But I'll tell you something right now
Not gonna, don't wanna, never gonna, don't wanna
Wanna end up alone
Not gonna, never gonna, don't, don't wanna
Wanna end up alone
Oh no oh muma drubby oh
Not gonna, not gonna
Not gonna, don't wanna don't know
Not gonna, not gonna
Not not gonna, don't wanna don't know
Oh no oh not gonna
