

# Welcome to the Rodeo

## Lil Skies

Ayy, ayy I ain't foldin' under pressure, I ain't switchin' for no ho  
I ain't talkin' to no cop and I ain't tellin' on my bros  
Ain't no killer but don't push me fingers itchin' on that pole  
Niggas plottin' on my come-up, gotta watch, they on my nose  
Long nights I sold drugs just to hit the studio  
Now I'm eatin' steak and shrimp, bitch, I ain't eatin' sloppy joe  
Look into the mirror, flex, and now a nigga in his glow  
Bust off like a Smith-N-Wesson, welcome to the rodeo  
Shawty wanna fuck me 'cause a nigga wearin' gold  
I came up and made it happen, I was trappin' by the store  
Big dope inside this Backwood case this nigga want smoke  
Do me dirty I'ma find you, lay your ass out on the floor  
19 with a bag, I got rich by myself  
Rather do this shit alone I wasn't askin' for no help  
They keep askin' how I'm winnin' with the cards that I was dealt  
Boy I worked hard for this seat and I ain't bucklin' my belt  
Call my brother on the phone, he said broski you a star  
I said brother hold it down and soon we'll all be livin' large  
And it's crazy how last year was sellin' coke out my garage  
Now I'm in a good position for this life can't sabotage  
I ain't foldin' under pressure, I ain't switchin' for no ho  
I ain't talkin' to no cop and I ain't tellin' on my bros  
Ain't no killer but don't push me fingers itchin' on that pole  
Niggas plottin' on my come-up, gotta watch, they on my nose  
Long nights I sold drugs just to hit the studio  
Now I'm eatin' steak and shrimp, bitch, I ain't eatin' sloppy joe  
Look into the mirror, flex, and now a nigga in his glow  
Bust off like a Smith-N-Wesson, welcome to the rodeo I got tattoos on my face, I use that shit as motivation  
I could never get a job, so for my dream, I'm dedicated  
For a second lost myself, I was too busy gettin' faded  
Now they see me out in public and be knowin' what my name is  
All these rappers want the clout and the life of bein' famous  
I just wanna be stable, tell my family we made it  
I was comin' for my spot, a young nigga had to be patient  
Now I'm runnin' up these bands, can hit the island for vacation  
I've been shittin' on my haters, you could say I'm constipated  
Five racks on this fit just to stunt when I'm in Vegas  
Narcotic on my body, shout out to my nigga Caleb  
Young niggas got the cake up, now these bitches wanna date us I ain't foldin' for no pressure, I ain't switchin'

for no ho  
I ain't talkin' to no cop and I ain't tellin' on my bros  
Ain't no killer but don't push me fingers itchin' on that pole  
Niggas plottin' on my come-up, gotta watch, they on my nose  
Long nights I sold drugs just to hit the studio  
Now I'm eatin' steak and shrimp, bitch, I ain't eatin' sloppy joe  
Look into the mirror, flex, and now a nigga in his glow  
Bust off like a Smith-N-Wesson, welcome to the rodeo
