Drains her fifth and spits out a greek translation. She slurs
"How much more bullshit you got left? 'Cause you been
feeding me this crap about 'free speech' and 'thought-police' like I'm supposed to sit and swoon".It takes three more rounds till the subject changes
and in that time she lays it down, she says:
"Fuck Larry Flynt and any campaign to silence women standing up and fighting back. "And I fuck to cum, so don't lay your 'repressed' shit on me.
I fuck to cum. Fuck your blessed Trinity. I fuck to cum.I'm so sick of needle-dicks and first-amendments. I can out-think, out-drink, out-fuck-you-all
so fuck your bullshit 'femi-nazi' crap, no needle-dick's gonna silence me.And I fuck to cum, so don't lay your 'repressed' shit on me.
I fuck to cum. Fuck your blessed Trinity. I fuck to cum.
