Water In the Gas

P. Stone

I wanna jump into the fire
I wanna take me to the top
Dance with my desire
Get me out of control

Take me back tonight
Your freedom time by time
Dance to the beat
And move your feet

What's the music,love
You just feel the sound
Over the night you drive

Water in the gas
Let it come so bright
Energy my beat
Up and go forever
Water in the gas
Let it come so bright
Make it right for my emotion
Light my fire
Over the night

You gonna stop to take me higher
You wanna shake me up and down
Burn me light my fire
Get me over the night

Take me back tonight
Your freedom time by time
Dance to the beat
And move your feet

What's the music,love
You just feel the sound
Over the night you drive

Water in the gas
Let it come so bright

Energy my beat
Up and go forever
Water in the gas
Let it come so bright
Make it right for my emotion
Light my fire
Over the night

(Start back from the beginning)
