

# Graduate

## Handsome Ghost

You and I, we're all or nothing  
Climb so high, we're gonna jump in  
Darkening skies, we hear the thunder  
You and I, surrenderWe make the same mistakes  
Ride this wave until it breaks  
Tell me honey when we're gonna graduate  
Tell me honey when we're gonna graduate  
Night drives and wrong turns  
Say you'll love me till it hurts  
Tell me honey when we're gonna graduate  
Tell me honey when we're gonna graduate  
Bloodshot eyes, under the bleachers  
Wasting time, into the future  
You and I, surrenderWe make the same mistakes  
Ride this wave until it breaks  
Tell me honey when we're gonna graduate  
Tell me honey when we're gonna graduate  
Night drives and wrong turns  
Say you'll love me till it hurts  
Tell me honey when we're gonna graduate  
Tell me honey when we're gonna graduateAround we go, to parking lots familiar roads  
I know you know, the time has come to let it go  
Around we go, dreaming that we'll leave this town  
And if we don't, we'll both go down together  
We make the same mistakes  
Ride this wave until it breaks  
Tell me honey when we're gonna graduate  
Tell me honey when we're gonna graduate  
Night drives and wrong turns  
Say you'll love me till it hurts  
Tell me honey when we're gonna graduate  
Tell me honey when we're gonna graduate
