Falling Apart

Trouble Andrew

I'm falling apart again
I expected more but
You give what you put in
Spoken words all gone now
Noone here left to listen
I'm falling apart againI'm falling apart again
I'm falling apart again
I'm falling apart again
I'm falling apart againYou never see it coming
Can't accept it's over
Just wake up on trying
To keep myself together
Breaking Into pieces
I'm falling apart againI'm falling apart again
I'm falling apart again
I'm falling apart again
I'm falling apart again
I'm falling apart again
I'm falling apart again
I'm falling apart again
I'm falling apart againYou never see it comingHelp me find my way I'm lost again
Help me. broken hearts are hard to fix
Help me find my way I'm lost again
Help me. broken hearts are hard to fix(Help me) I'm falling apart again
(Help me) I'm falling apart again
(Help me) I'm falling apart again
(Help me) I'm falling apart againHelp me find my way I'm lost again
