

Josephine

The Magnetic Fields

If I were Napoleon, you could be my Josephine
We could go to drive-in films in my red convertible
If I were Napoleon, I might be in magazines
I'd write some science fiction, science fiction about you You could be my Josephine, just you and your
chaperone
Let you be my Josephine, Josephine If I were Napoleon, you could be my lady love
Look into my soft blue eyes
Run your fingers through my hair
If I were Napoleon, you could be my turtle dove Living out in Corsica in our summer cottages
And you could be my Josephine and we could be Siamese twins
Let you be my Josephine, Josephine
