

# This Too Shall Pass

[Maria Mena](#)

Not again I scream,  
Over-analyzing everything.  
The circle of us,  
Won't break its pattern,  
Won't seize cuz I am your stubborn hypocritical lover  
Guarded by thorns of My past.  
You have been wounded, bled out  
Anger gushing,  
And none of us thought it would last  
The winds of your ego  
The waves of my tears  
Made the most perfect almighty storm  
that we've seen this year  
But experience gathered  
We've learned from our past  
So don't worry darling  
This too shall pass Soul-bruising, I look at you,  
Accusingly cuz I am black and blue.  
Emotional fist,  
You are the only man who makes me feel like this. I am your weakness, I am your protector,  
But Who Will protect you from me?  
The damage is obvious, patch me together,  
Loosen your grip boy, I can't breathe  
The winds of your ego  
The waves of my tears  
Made the most perfect almighty storm  
that we've seen this year  
But experience gathered  
We've learned from our past  
So don't worry darling  
This too shall pass
