

Choose You

Manchester Orchestra

The invention of the ship was the invention of the shipwreck
I tried to find out who I was by jumping off the deck I intentionally clipped the intervention like a tripwire
Picked a color tried to bribe the bad one back into his bed And I don't, I won't
I don't choose you Underneath the Christian Court,
There was this saying in the bricks
That you don't determine greatness by a man's intelligence
No you won't determine greatness til you really start to dig
And you find out all those empty things
That he lets discourage him And I don't, I won't
I don't choose
And I don't, I won't
I don't choose you I tried to walk away
You broke the cast and tried to say
"I am not the man you kill,
I am not a man you choose" See it back to back aways today
I tried to clean, you tried to pray
"I am not the man you kill,
I am not the man you choose." And I dont, I won't
I don't choose
And I don't, I won't
I don't choose you
You
