Hard for Love

Savatage

Ooh yeah I've been looking all over for you
I know you can be found
And are you looking for somebody new?
I know you get around
And you'll like what you're gonna feel
Senses burning luscious mealI, I've been looking for you
Part of the things you do to meI am hard for your love tonight
I'm hard for your lovin', I
I am hard for your love tonight
Hard for your lovin', I
I am hard for you love tonightAre you lookin' for action
Give me the right reaction
I like when we move faster
And that's why I'm gonna blast ya
You're hot like a fire's hot
Here I come X-marks, the spotI, I've been looking for you
Part of the things you do to meI am hard for your love tonight
I'm hard for your lovin', I
I am hard for your love tonight
No, I am a hard
I am hard for you love tonight,Ooh yeah
Number oneIf you're ready for action
Show me your main attraction
I can't wait any longer
Out of control, I want you closerI, I've been looking for you
Hard, I've been wanting you to
Hard, gotta run to you
And hard, part of the things you do to meI am hard for your love tonight
I'm hard for your lovin', I
I am hard for your love tonight
You're feeling alright, yeah
I am hard for your love tonight
I'm hard for your lovin', I
I am hard for your love tonight
TonightI am hard for your love tonight
I am hard for your love tonight
I am hard for your love tonight
