Talk To Me

The Kinleys

I said I think I'm working too hard
You said, yeah
I said I just might quit that job and
You said, yeah
I can't say you're not listening
But baby won't you talk to meTalk to me
Tell me that you care, because I'm feelin'
Like we're so out of touch
Even if there's something you're afraid of
Tell me what you need
Won't you talk to meWould you say this is love we found, well
I'd say, yeah
Would you say that it's worth workin' on, well
I'd say, yeah
To me it would mean everything
You know ya gotta talk to meTalk to me
Tell me that you care, because I'm feelin'
Like we're so out of touch
Even if there's something you're afraid of
Tell me what you need
Won't you talk to me
