

# Ted, Just Admit It...

## Jane's Addiction

Camera got them images  
Camera got them all  
Nothing's shocking  
Showed me everybody  
Naked and disfigured  
Nothing's shocking  
And then he came  
Now sister's  
Not a virgin anymore  
Her sex is violentThe T.V.'s got them images  
T.V.'s got them all  
It's not shocking  
Every half an hour  
Someone's captured and  
The cop moves them along  
It's just like the show before  
The news is  
Just another show  
With sex and violenceSex is violent  
Sex is violent  
Sex is violent  
Sex is violent  
Sex is violent  
Sex is violent  
Sex is violentI am the killer of people  
You look like a meatball  
I'll throw away your toothpick  
And ask for your givenessBecause of this thing  
Because of this thing  
Because of this thingThat's in me  
Is it not in you?  
Is it not your problem?  
A baby to a motherYou talk too much  
To your scapegoat  
That's what I say  
He tells you everyone is stupid  
That's what he thinksSnapshots  
Make a girl look cheap  
Like a tongue extended

A baby's to a motherSex is violent

Sex is violent

Sex is violent

Sex is violent
