## Desaparecidos

There is a lynching at Home Depot  
of the last day laborer  
In this sanctuary city  
with its anchor-baby births  
They say "It's time we had some justice  
for the white race on this earth  
This place is strange and getting stranger""We got to round 'em up!  
Door to door tonight we're ready"  
Knock Knock Knock  
"Drag them from their beds  
They got some nerve to say  
they were here first"  
"We're gonna round them up!  
Hiding in the semi-trailers"  
Knock Knock Knock  
"Beat it in their heads  
We keep our word and Maricopa pure" They're sweating in Sun City  
cause they just got off the course  
Saying "Sheriff Joe it's awful  
and it's only getting worse"  
"Oh did you hear about Rob Krentz?  
They left him bleeding in the dirt  
These Spics they're brave and getting braver""We got to round 'em up!  
Door to door the posse is ready"  
Knock Knock Knock  
"Drag them from their beds  
Cause it's their turn for someone to get hurt"  
"We're gonna round 'em up!  
Crying in the day-care center"  
Knock Knock Knock  
"Beat it in their heads  
They'll never learn until Maricopa burns!"
