Twista

Verbal ammunition when I solve a blast ass I stash cash
Assassination like Ras Kass
Bitches and 10 hut I'm a money making soldier 'cause I don't give no fuck, the world is mine
You stepping over gages grenades and land mines so hand mine
If you was around nigga you probably ban mine
Off the load watching out for the morrow popping at the po po

So fuck them marks for the legit ballers for the world blow up

Check Tom disrespect Tom Teflon through his chest and fuck 'em for TI'm rolling in my candle camouflage
