Strawberrez

Mis-teeq

Verse 1
Felt like sunshine,
when we showered in the dark,
Taste like candy raindrops hailing on me caught in the storm of love,
Precious moments I have captured like a picture caught in the frame of my mind,
Plus I feel you breathing on me
I`m not lonely `cause I have all of these
Chorus
Strawberrez and sweet bruises of love,
They remind me of the night before,
Never felt so good or been so sore,
I find myself running back for more `cause
Verse 2
All I do is think of how I`m hooked on your love,
When you showed me what you can do last night was so beautiful,

Everybody thinks I`m crazy `cause I`m always,
always laughing out loud,
If they knew what I was thinking they would tell me girl follow your heart,
And let him know that all I need is more of sweet,sweet,sweet,sweet love
Bridge 4x
For your love oh
`Cause it`s like...
Chorus
Chorus 2
Strawberrez and sweet bruises of love,
They remind me of the night before,
Two hearts that throb from a love so pure,
I find myself in allure
