

# Conclusion

## Adramelch

Yo, this is left eye speakin' for tlc  
And as we're closin' out here  
You need to know that words cannot  
Express to you how important safe-sex is to us

What some of us toy around with can easily  
Become a deadly weapon  
So take it as serious as it is  
And remember that protection is the priority  
And that is ooooooohhh...on the tlc tip
