

Bubble Guppies - Join Our Marching Band

Bubble Guppies

(whistle blows)

Everyone come join the band.
Wanna play? Stick out your hand.
Take the stick, hit that drum!
C'mon now, we can make some music
All our friends are playin'.
All our friends are sayin':
It's our number, it's our song
It's our thing, so sing along!
Come on and join our marching band
We'll all parade past the grand stand!
Gonna take our music to the streets!
Line up corps, march to that beat!
Gonna take our music to the streets!
You can't resist, so move your feet!
And then the drums play
And then our band plays!

(whistle blows)

Then we march on! 1, 2, 3, 4!
Wear your hat and we'll perform in our awesome uniforms.
Lined up in columns straight and true.
Rat-tat-tat beats the tap to.
Music all our friends are playin'.
All our friends are sayin':
It's our number, it's our song
It's our thing, so sing along!
Come on and join our marching band
We'll all parade past the grand stand!
Gonna take our music to the streets!
Line up corps, march to that beat!
Gonna take our music to the streets!
You can't resist, so move your feet!
And then the drums play
And then our band plays!

(whistle blows)

Then we march on!
Play that trumpet, blow, blow, blow!
Play that tuba low, low, low!
Play that drum, use those sticks

Pound them hard! Play those licks!
(whistle blows)
Come on and join our marching band
We'll all parade past the grand stand!
Gonna take our music to the streets!
Line up corps, march to that beat!
Gonna take our music to the streets!
You can't resist, so move your feet!
And then the drums play
And then our band plays!
(whistle blows)
Then we march on!
