

Sex Is Personal

The Faint

Advisory - the following lyrics contain explicit language:

I'm caught in excitement
An unusual spell
It's pure in a sense
And abstract from our lives And we talked a lot
Abstraction came into focus Her tales of the tour
And a hardcore life
Were unmatched
By the pop sub-culture in mine And we talked a lot
And soon it would come into focus
(I tried to focus, I tried to focus, woah) There's no time for fighting
Any sex is personal
Information not appealing
To me in any sense at all Is it wrong to think I'm a traditional man?
I'd hope I'd be up for an annexation of that
Yea, a part of me
Can deal with this open relations But concept to do is like yes to a goal
It's unclear how it happens
Maybe we'll act how we planned it We sure talked a lot
And soon it came into focus
(I tried to focus, I tried to focus, woah) There's no time for fighting
Any sex is personal
Keep your head above the meaning
And devotion doesn't swell Any sexual encounter
Adds an awful twisting touch
It's like scamming in the 90's
But getting used to this is hard There's no time for fighting
Any sex is personal
Keep your head above the meaning
And devotion doesn't swell Any sexual encounter
Adds an awful twisting touch
Touch, touch, touch, touch
It's like scamming in the 90's

But getting used to this is hard
