

Oh My Dear (Falling In Love)

Ween

Tell me where you come from, was it heaven above?
Oh my dear, I must be falling in love
Can you climb the sunny peaks of a fortress in mud?
Oh my dear, I must be falling in love
Did I tell you I want more than what you're really made of?
Oh my dear, I must be falling in love
Can you scope a purple blunder and admit that you are young?
Oh my dear, I must be falling in love
Tell me where you come from, was it heaven above?
Oh my dear, I must be falling in love
Can you climb the sunny peaks of a fortress in mud?
Oh my dear, I must be falling in love
Did I tell you I want more than what you're really made of?
Oh my dear, I must be falling in love
