Shut Up and Dance

Victorious Cast & Victoria Justice

It's nine on the dot and we just talk and we talk,
And I just want it to stop,
Cause aren't we here for the music.And if you dare,
Just get up out of your chair,
Cause this ain't goin' nowhere,
We've gotta move it or you lose it.All I wanna know (know)
Is when we're letting go
So we can get this record to break (break)
Why we wasting time (time)
We never can rewind (wind)
All I'm really trying to say is
Shut up and dance show me whatcha got,
Shut up and dance are you in or not?
You're moving your mouth, baby, don't speak,
Well, shut up and dance if you're into me.
Cause I can't wait no more
To get on the floor,
Don't stop now's our chance!Shut up and dance, dance, dance, dance, dance, dance...We're here for the night
And we can do what we like
So don't you put up a fight
Cuz I'll be drivin you crazy
What would you do
When I get up next to you
You like the way that I move,
I'm not your girl but I could be
All I wanna know (know)
Is when we're letting go
So we can get this record to break (break)
Why we wasting time (time)
We never can rewind (wind)
All I'm really trying to say isShut up and dance show me whatcha got,
Shut up and dance are you in or not?
You're moving your mouth, baby, don't speak,
Well, shut up and dance if you're into me.Cause I can't wait no more
To get on the floor,
Don't stop now's our chanceShut up and dance, dance, dance, Yeahh
Shut up and dance, dance, dance, Yeahha
Shut up and dance...'Til we drop cause I'm sick of the space in between,
You and me, light it up, till we're making a scene,

Quit the talk
Let it rock,
If you know what I mean,Shut up and dance show me whatcha got,
Shut up and dance are you in or not?
You're moving your mouth, baby, don't speak,
Well, shut up and dance if you're into meCause I can't wait no more
To get on the floor,
Don't stop now's our chance!Shut up and dance, dance, dance, dance, yeah,
Shut up and dance, dance, dance, dance yeah,
Put up your hands, hands, hands, hands yeah,
Shut up and dance, dance, dance, dance yeah,Shut up and dance
