Rip It Up

The Rockateens

28, 1982 comin' through ya speakers
It features a style like this
Rippin' it on the mic
It's like we're gettin' hyped
To the old school 80's
Hard rock, hip hop, riff like this
Kick it, stick it in the tape player, lickity split
Rock hard the severe kid
Jedi Jay, damn that boy can play
Did ya hear that shit?
Everybody rip it up
Yo check this style
Go, go, go, go
You know where we're from
So hands up in the sky
Go, go, go, go
Props go out to 1982
Go, go, go, go
We be rockin' hard
For the whole damn crew
That's you
So don't test this style 'cause I'm set to snap
Don't pack a gun so I don't do gangster rap
I kick it over this riff, I roll a spliff
I lova my son and I'm diggin' my family
Everybody rip it up, hands up in the sky
Here we go throw it high to the J I M M Y
Jimmy's rockin' hard on too because of you
You know the part would suck if it wasn't for the crew, so
Everybody rip it up
Yo check this style
Go, go, go, go
You know where we're from
So hands up in the sky
Go, go, go, go
Props go out to 1982
Go, go, go, go
We be rockin' hard
For the whole damn crew

That's you
You know that I'm down with doin' wrong
I don't give a fuck like hits from the bong
'Cause I hit that shit when I get home
Hilly and beer stickin' out my foam dome
So give me that, give me that, give me that, cut
Hand me the mic and watch me rip it up
When I bust a little rhyme and a roll a little rock
Pumpin' the fat low rider and crusin' round the block, so
Everybody rip it up
Yo check this style
Go, go, go, go
You know where we're from
So hands up in the sky
Go, go, go, go
Props go out to 1982
Go, go, go, go
We be rockin' hard
For the whole damn crew
Everybody rip it up
Yo check this style
Go, go, go, go
You know where we're from
So hands up in the sky
Go, go, go, go
Props go out to 1982
Go, go, go, go
We be rockin' hard
For the whole damn crew
That's you
Go, go, go, go
That's you
Go, go, go, go
That's you
Go, go, go, go
We be rockin' hard
For the whole damn crew
That's you
