Fast Life

David Banner

Got me living that fast life
I think a nigga need to slow it down
Stack my paper get in and out
Niggaz know what I am talking about, yeah, yeah
Oh, might take your golds
Oh, might take your shit
Leave me your dope and your girl
Might pimp on that bitch
Got a tech and I'm sprayin'
Look man, huh, I'm just sayin'
'Cause I'm smiling and bustin'
Y'all bitches think that I'm playin'
From the home of the trill
Cadillac and wood wheel
Bodies dropping when I'm
P-p-poppin' up in your grill
Give a shit how you feel
Bitch I'm cockin' to buck
We could fight or just bust off these slugs
I could give a fuck, yeah
Got me living that fast life
I think a nigga need to slow it down
Stack my paper get in and out
Niggaz know what I am talking about, yeah, yeah
High gone off that dro
Bitch nigga what you know
So sick of being po' and tired
Tired then po' so get on flo'
Hoe, give me your dough
Oh catch the b-b-blow
From this forty-fo'
Me I be so tr-tr-trill in this c-c-coupe deville
So tr-tr-tryin' to s-s-stack up a m-m-mill
Before I g-g-get killed
Boys snortin' them hills
Girls poppin' them pills
Trying to buy some la-la-love
In this world through dollar bills, yeah
Got me living that fast life

I think a nigga need to slow it down
Stack my paper get in and out
Niggaz know what I am talking about, yeah, yeah
Vibe to the beat
Bust a swish sweet
Fill it up with dro
Nigga you know
What's about to take place in
This smoked out atmosphere
Vibe to the beat
Bust a swish sweet
Fill it up with dro
Nigga you know
What's about to take place in
This smoked out atmosphere
All my real niggaz sing it loud
Smoke, smoke on
Get your swish sweets nigga and
Smoke on, smoke on
Now hold out with me and
Smoke, smoke on
Get your swish sweets nigga and
Smoke on, smoke on
Got me living that fast life
I think a nigga need to slow it down
Stack my paper get in and out
Niggaz know what I am talking about, yeah, yeah
Got me living that fast life
I think a nigga need to slow it down
Stack my paper get in and out
Niggaz know what I am talking about, yeah,yeah
