Eye For An Eye

Quiet Riot

You turned me over now I'll turn you around
Mistakes are made, foul play
You have givin' is what I found
You'll be my queen for a day
I'm no matinee idol
You put it in the wrong way
If I was Valentino
It'd been the same
It's like an eye for an eye
Give me some proof
Speak up now or it's a tooth for a tooth
An eye for an eye
Give me some proof
Time is runnin' out on you
Watcha gonna do?
No need to smile while I make my advance
But please don't turn away
Your reputation got me into your pants
But you weren't that great
Well now you turned the tables
It's the other way
I've got my revenge baby
And you want to stay

It's like an eye for an eye
Give me some proof
Speak up now or it's a tooth for a tooth
An eye for an eye
Give me some proof
Time is runnin' out on you
Watcha gonna do?
It's like an eye for an eye
Give me some proof
Speak up now or it's a tooth for a tooth
An eye for an eye
Give me some proof
Time is runnin' out on you
Watcha gonna do?
Watcha gonna do?

Watcha gonna do?
Watcha gonna do?
Watcha gonna do?
Watcha gonna do?
Watcha gonna do?
