

# Mitchell Lane

## Ben Folds Five

Advisory - the following lyrics contain explicit language:

Having isn't bliss, sunshine is amiss  
Happy when you're cold, wanna be alone  
He's a lot of steam, she's a lot of breath  
Takes a lot to see, takes a lot to beg And it's just like Mitchell Lane  
Everything's the same, wanna kill your friends  
Reminded you of when, happy when you're stoned  
Wanna be old and it's just like Mitchell Lane  
Everything's the same, so go on, go on and complain Remember when we were fifteen  
And Robbie made that stupid face all day  
I guess he made his point, 'cause I'm still here  
When I could be anywhere  
Having isn't bliss, sunshine is amiss And it's just like Mitchell Lane  
Everything's the same  
So go on, go on and complain  
So go on, go on and complain
