

# Almost Like Love

## Yes

Who was it organizing the right  
To follow my leader?  
Seems we look and stand around waiting  
For a sign from God  
Speaking for myself  
The Christian need, the Muslim need  
The Buddhist need  
To testify the need for brotherly love  
I know there's so many hundred things  
To talk about, making us laugh  
Just like a Shakespeare revolution  
Please organize our spiritual evolution  
So that you'll feel it and we'll feel it  
Appreciate it  
It's almost like love  
It's almost like love  
It's almost like love  
It's almost like love  
Saint or sinner  
Makes no difference in who you believe  
In a world of superstition  
Caught in a total nuclear greed  
Pioneers of the twenty first century  
Looking on and looking fast  
To try and fix and try and help  
This very need  
I know there's so many ways  
That we can work it out  
  
Making us laugh and cry  
Whether we live or die  
Please organize the simple evolution  
So there's got to be, so we can see  
To be free  
It's almost like love  
It's almost like love  
It's almost like love  
It's almost like love  
So promised in a hundred letters

Should be getting to you any time now  
So promised a surprise for you  
For getting so far from now  
It's love  
It's almost like love  
The way the first one out discovers  
It's almost like  
How many times can you recover?  
It's almost  
It's almost, it's almost  
It's almost, it's almost  
It's almost, it's almost  
It's almost, it's almost  
It's almost, it's almost  
It's almost, it's almost  
It's almost, almost, almost like love
