

Lover's Paradise

The Manhattans

When I wake up in the morning, and I see you lying happy in my bed.

Sleeping oh so softly on your pillow, all these crazy things going through my head.

You and I were meant to be forever. Baby your'e my early morning loving light.

As long as there's a sun we'll be together, I can't wait to be with you my love tonight.(Cause, you and I we make a Lover's Paradise, you and I we make a Lover's Paradise.)When I come early every evening, and I find you waiting happily for me.

When I reach my hand out and I touch you, am I dreaming girl are you for real?

You and I will always stay together, baby nothing's strong enough to make us part.

Long as there are stars forever shining, then you know you hold the secret to my heart.(Cause, you and I we make a Lover's Paradise, you and I we make a Lover's Paradise.)Here with you and the night and the feeling.

We can run to the shore in the moonlight.

Lost in love, with you here, by the fire. Here we'll stay through the night in our paradise.(You and I we make a Lover's Paradise, cause you and I we make a Lover's Paradise.)

OHH You and I we make a Lover's Lover's, oh is you and I we make a Lover's Paradise.

ohh youuuuu oohh you and IIIII

Oh Youuu uuu you and I and Paradise

Ohh You and I and paradise, You and I in Paradise
