

Breaks Today

The Slow Show

You broke my heart today
To see how you would feel
But all you seem to see
Is what you've left of me
There's nothing more to steal
And this love fades away
Too fast too fast they say
And nothing more to lose
But all to gain
Breaks today
Can't stand to see you break today
Today today it breaks away
Hurts like hell they say
'Cause you let your old friends down
You don't seem to need them now
Don't call when you're down
'Cause our love is over now
Tattoos fade away
Bigger scars to heal
Bigger things to feel
And more to fear more to fear
Can't stand to see you standing here
Today today it breaks away
Hurts like hell they say
You let your old friends down
You don't seem to need them now
So don't call when you're down
'Cause our love is over now
Our love is over now
Our love is over now
So don't call when you're down
'Cause our love is over now
