

Hold You

Elliott BROOD

I'll hold you in my arms
Till the world subside
Come down to the darkness
Secrets will come and go
Know now that she's coming
She's a riddle the dark
Know now that she never
May come in right at dawn

Oh I dream about you
All of the nights
We hold out for the moments
And we know they'll never arrive
Held down undercover
Beneath the cold and dirty sky
We hold on to each other
The hope, once it dies

Hey we've all known
At last all alone??
Come down for our lovers
Sit by the river side??
Chase back into the moments
The sounds of the coming tide
-Humming-
Hold now that she's coming
In the world
They will tie with love
Come now for mothers
In the end
We all die alone

Traduccion

Ven a la oscuridad
Secretos van y vienen
Ahora s
