50 Cycles

Silky Johnson

all great praise, eventually ice
?? dust puppy
respected, respect fo' respect
???? dead body ???? always mom visitors

--chorus

2 points dragging assistance tray
high tension phase, train twice a day
patentio meter inventions

2 points dragging assistance tray
high tension phase, train twice a day
patentio meter inventions

--glitched

semi seti shell shock bout conflict control
face velocity rebels
??pasaryanadabags??
magnetic thrust like circular round histerinometery
eyes pulled back now comprise of radiation
??
subatomic
dust collect across open faces

--chorus

2 points dragging assistance tray
high tension phase, train twice a day
patentio meter inventions

2 points dragging assistance tray
high tension phase, train twice a day
patentio meter inventions

--glitched

optic curves
??? ??? hydro energy

??
conflict for air
??

--bridge

tranformed in a circle, so fast to deny names
a timeless ally in flight
beyond linear noise correction

tranformed in a circle, so fast to deny names
a timeless ally in flight
beyond linear noise correction

--solo(?)

now rearranged into plastic membaranes
tied away so strange by digital forces
trained to remove optic nerve from brain tumors
shouting the vacuum
illness is erased
and re-engaged
in a conflict outside the body

raised copies of the mind logistic rumours
intern standpoint subversed into main location gain extreme
reversal
subsequent immersal
in lost transients

--bridge

force towards absolute zero point
strange reactive force eminates light speed
x formats reality imbrasion

force towards absolute zero point
strange reactive force eminates light speed
x formats reality imbrasion

--chorus

2 points dragging assistance tray
high tension phase, train twice a day
patentio meter inventions
