

# Milk and Honey (feat. Lincoln Parish)

## Iration

Hive is buzzing woah working hard gotta fill up those holes  
Shining brightly gold want it all gotta go sell your soul, sell your soul  
Milk and honey  
Keeps you coming  
Milk and honey  
Always on your mind Get just one more fix  
Gonna buy new lips he can kiss  
Granted one more wish  
You're gonna find another one for your list for your list  
Milk and honey  
Keeps you coming  
Milk and honey  
Always on your mind You want it all you need it now  
You can't resist still searching  
You need your  
Milk and honey
