I'm Leavin'

Rhonda Vincent

I'm leavin'
Don't even try and slow me down
Yeah I'm leavin'
Gonna travel out of this town
I'm tired of grieving
Misery is all I've foundTears
Can't dry the tears from my eyes
Lonesome teardrops
All I do is sit and cry
Gotta stop the teardrops
And shake the memories from my mindAll you do is tie me down
These ropes have got me bound
And I can't take the strain
That's why I'm grieving
This misery and pain
Are driving me insane
And I've had a change of heart
So start believingThat I'm leavin'
Don't even try and slow me down
Yeah I'm leavin'
Gotta travel out of this town
I'm tired of grieving
Misery is all I've foundHeartache
It's a sad and lonesome time
Painful heartache
Oh relief I can not find
I gotta mend the heartbreak
Of these old blues I'll leave behindAll you do is tie me down
These ropes have got me bound
And I can't take the strain
That's why I'm grieving
This misery and pain
Are driving me insane
And I've had a change of heart
So start believingThat I'm leavin'
Don't even try and slow me down
Yeah I'm leavin'
Happiness is where I'm bound
No more grieving

Goodbye to you I'm out of this townI'm leavin'
I'm leavin'
