

# Music Is Power

Richard Ashcroft

Music is power  
Let it flow through your mind  
You're just like a flower  
In the deep sunshine Are you invited  
To the party of life?  
Now you've been sighted  
Do you live till you die? These are wild, wild  
Wild days we live in  
Yes, I know sometimes  
All wanna give in These are strange, strange  
Vein days of living  
Yeah, I know sometimes  
We all wanna give in Don't give up  
Oh, no, alright  
Let the melody flow  
All night, all night 'Cause music is power  
It's easily sold  
Rocking like a cradle  
It won't let you go If the melody is timeless  
It won't let you down  
Feel the air moving  
Submit to the sound In these wild, wild  
Wild days you live in  
Yes, I know sometimes  
You all wanna give in These are strange, strange  
Vein days of living  
I know sometimes  
We all wanna give in Don't give up  
Oh, no, alright  
Let the melody flow  
All night, all night After all we go through  
The endless crime  
Bad days, good fortune  
Are things you find 'Cause music is the mantra  
Unwinding your head  
Music is the question  
To things unsaid These are wild, wild  
Wild days you live in  
Yeah, I know sometimes

All wanna give in These are strange, strange  
Vein days of living  
Yeah, I know sometimes  
That ya just don't fit in Don't give in, don't give up  
Don't pack it up, stop cracking up Let the song  
Carry you on  
And keep you strong Don't wanna control ya  
'Cause music is the power Submit to the sound  
Feel the air moving, moving  
Submit to the sound  
Feel the air moving, moving Submit to the sound  
Feel the air moving, moving  
Submit to the
