

# Infinity

## Dies Irae

Vacuum, nothingness  
Abyss, black space  
Infinity, emptiness Man as the torch, man as the scourge  
    He vacillate beneficence and cruelty  
    Animal sex, philosophical discussion  
Both sides of the same medal Vacuum, nothingness  
    Abyss, black space  
Infinity, emptiness As the necrotic nerve  
    We wake our consciousness  
    But after centuries we are not nearer our goal  
Necessary effort spread the nebula of dogmas Vacuum, nothingness  
    Abyss, black space  
Infinity, emptiness In God-kennel  
    There's no place for questions  
    Empty-headed followers of truth  
In dangerous tribe on the earth Vacuum, nothingness  
    Abyss, black space  
Infinity, emptiness I am thee enemy  
    'Cause I think
